Project Title: Monarch Butterfly Website

I plan to design a multi-page site instead of a single-page website. There will be a navigation bar at the top of the microsite that users can access for easy navigation. I will use photographs that I have taken and publicly available images to create an educational site.

Overview

- Introductory page: what they are, their appearance, geographic location, quick facts, and why they are important
- Life cycle: from egg, caterpillar, chrysalis to butterfly
- Migration: information on how far they travel, maps showing migration path, threats during migration
- Conservation efforts: how individuals can help, statistics, ongoing initiatives
- Sources
